Lisa,
Well, it was a good year, even though there were a few problems. During the year we kind of lost contact because I thought I was "in love." I hope we can get our friendship back to normal. Lisa, please try to do everything to keep your parents trust. I hope everything works out fine for you. Don't let anybody mess your life up like Al did. Try to find you a nice thoughtful guy. Well enough about last year.

This is our senior year. It's going to be great. B-Ball is going to take a lot of work and team work to go as far as we did last year. I know we can do it. Football season is going to be great. Then track ought to be good. Senior Pictures - Graduation!!! It kinda scares me whenever I think about it. Maybe Sid & I can work our problems out and date for awhile. I really like him alot. He is the nicest and most polite guy I have ever dated. He has lots of respect for a girl. (except it really makes me mad when I have to play follow the leader) I guess I'm just a little frog, cause when he snaps his fingers, I hop.

Love ya lots,
Leslie

As we reflect upon the past school year, we note the accomplishments of many "first." The senior boys football team were district tri-champs; the HSHS band received honors at various contests and received all One's in marching competition; the senior girls basketball team went to the State tournament for the first time ever and were named third in the State, Class AA; coaches Joni Hamby and Gary Rider were selected "Coaches of the Year" in our district; the HSHS gymnastics team won the district and went to the State Meet; and for the first time ever the Speech Class performed in Tournament Competition as well as community organizations.

This year also marks the largest class to graduate from Heber Springs High School.

We hope this year of "Number One's" will become a tradition at HSHS. However, these would not have been possible without the help of supporting faculty and others. We therefore proudly dedicate this yearbook to Miss Ollie Fae Jackson for her thirty years service to this school.

Miss Jackson has been an educator for thirty-five years, having spent five years at Ashdown, Maynard and Pangburn before coming to Heber Springs. She has taught general business-office practice including bookkeeping, typing and shorthand. She has also sponsored all four grades, being a senior sponsor for twenty-two years. The Commercial Club and FBLA also had her as a sponsor.

When asked about a memorable experience at HSHS Miss Jackson stated, "When I got my planning period!" Her philosophy of education includes her belief that students should take advantage of opportunities, spending more time studying and reading.

We all wish you the best of luck, Miss Jackson.

Lisa,

Last year was really a lot of fun. I hope we do as well this year as we did last year in basketball. We don't have to go to the semi-finals this year, just being district champs will satisfy me! Good luck and have fun (not too much) this year.
